1870.

ANNOUNCEMENT.

I have this day disposed of a part interest in my business to WILLIAM S. HALL, Esq., of Newburg, N. Y., for the purpose of extending it more largely, and of giving more close and personal attention to a rapidly increasing trade. We shall aim, as before, to give our customers the most perfect satisfaction in every particular, with **Choice Stock, Low Prices,** and **Liberal Terms**, and we hope for a continued increase of the same generous patronage that has hitherto been given.

GENEVA, N. Y., September 1st, 1870.

EDWARD A. WOOD.

TO OUR CUSTOMERS.

We take pleasure in presenting to our patrons this General Price List of Nursery Stock for the Fall of 1870. Though reasonably comprehensive it represents but a very small part of the stock we are able to supply. We are in constant communication with many hundred producers, and as we have new offers constantly coming in it is impossible to present more than a general summary in a printed list. We therefore offer this Catalogue to our customers with the request—*If you do not see what you want write for it.* Our aim is to be able to furnish every thing that can be found, and at the lowest price which the market affords—quality being the first consideration.

As we are not confined to any one Nursery, but select from all, our patrons are almost sure to get what they want if it can be found anywhere, and to get it where it can be had *best in quality and price.*

Stock will be shipped direct from the producer to the purchaser.

In furnishing Trees, Plants, &c., at the prices quoted in this list, we reserve the right of selecting the varieties, which will consist of the leading desirable sorts. We will, in all cases, however, give the purchaser the choice as far as practicable. If the kinds ordered can not be supplied, others equally good will be substituted, unless ordered to the contrary.

Parties ordering will please give directions as to shipment, whether by freight, fast freight or express. When no directions are given, we use our best judgment, but in no case do we assume any responsibility after the delivery of stock in good order at the freight or express office.

Terms in all cases will be cash, except with express understanding to the contrary. Remittances may be made by draft on New York, Post-office money order, or currency by express.

Early orders are solicited, as the most desirable stock is soonest sold.

We have the largest facilities for meeting the wants of our patrons, and pledge our most earnest and faithful efforts to satisfy them in every particular. Address all communications to

WOOD & HALL, GENEVA, Ontario Co., N. Y.

N. B.—We want the Catalogues, Trade Lists and Circulars of every Nurseryman, Vinist, Fruit Grower, Seedsman and Producer of Horticultural Stock in the United States and Canada. If you have special stock to offer let us know, giving age, size, quantity, quality, and lowest price, with samples of mailable matter, *postage prepaid.*
